

The Power to Surprise

The All-New Kia

STONIC

Live every moment

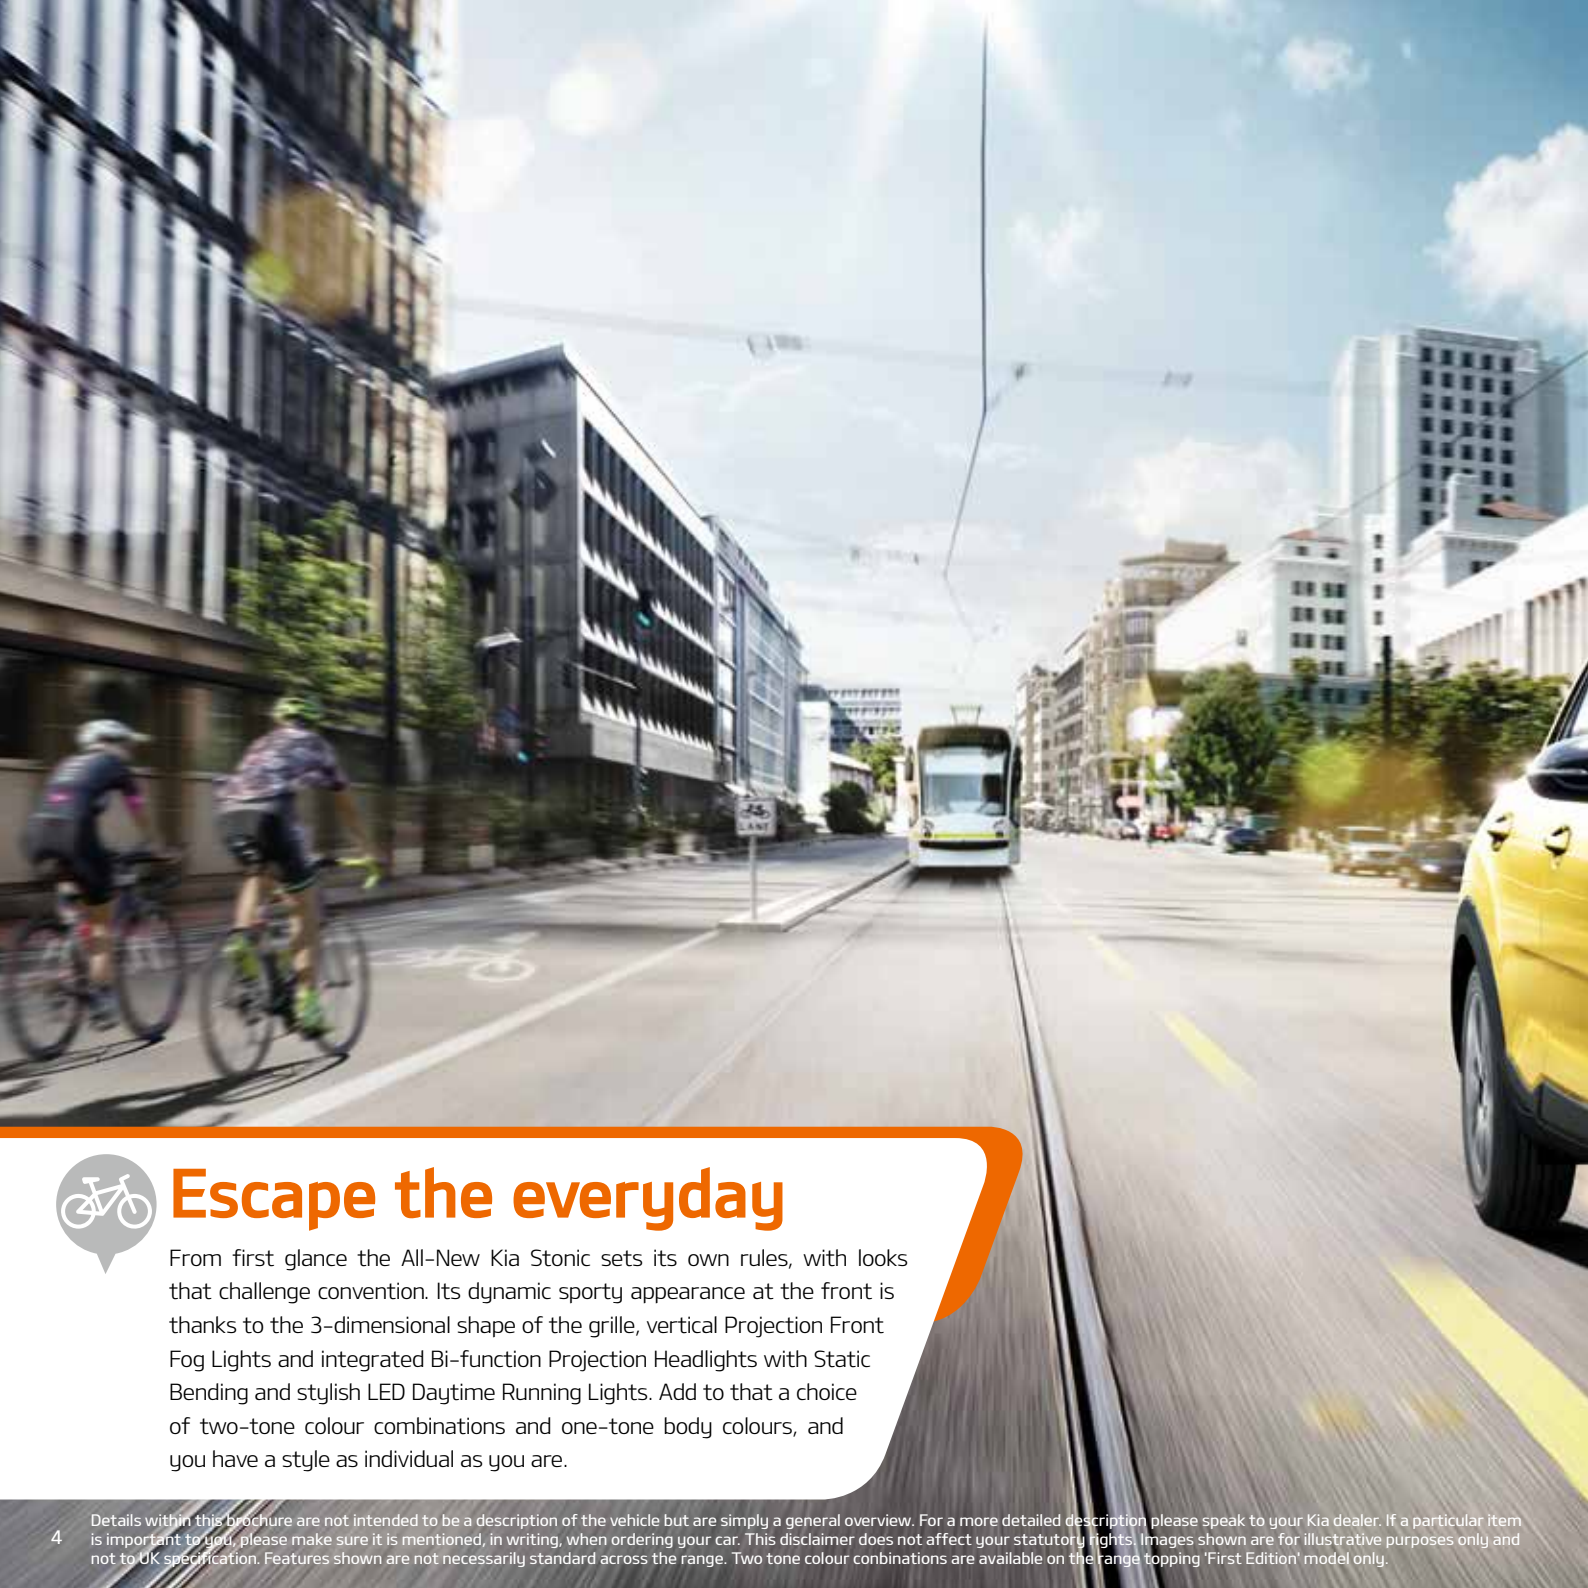

Created for drivers who live every moment, push every boundary and relish every adventure, the All-New Kia Stonic brings fresh excitement and a free spirit to the urban Crossover experience. With its sleek muscular body, sporty compact styling, exceptional handling and outstanding performance – the All-New Kia Stonic is for those who always demand more from life.

The All-New Stonic range comprises of two models – the '2' and the range-topping 'First Edition'. Both models are immediately recognisable as a Kia thanks to key signature design elements including the 'Tiger-Nose' grille, the distinctive 'C Pillar' styling which wraps around the roof panel to provide a unique urban Crossover look and the distinct design of the standard roof rails which adds a dynamism to the exterior look and feel.

Details within this brochure are not intended to be a description of the vehicle but are simply a general overview. For a more detailed description please speak to your Kia dealer. If a particular item is important to you, please make sure it is mentioned, in writing, when ordering your car. This disclaimer does not affect your statutory rights. Images shown are for illustrative purposes only and not to UK specification. Features shown are not necessarily standard across the range.

Escape the everyday

From first glance the All-New Kia Stonic sets its own rules, with looks that challenge convention. Its dynamic sporty appearance at the front is thanks to the 3-dimensional shape of the grille, vertical Projection Front Fog Lights and integrated Bi-function Projection Headlights with Static Bending and stylish LED Daytime Running Lights. Add to that a choice of two-tone colour combinations and one-tone body colours, and you have a style as individual as you are.

If a particular item is important to you, please make sure it is mentioned, in writing, when ordering your car. This disclaimer does not affect your statutory rights. Images shown are for illustrative purposes only and not to UK specification. Features shown are not necessarily standard across the range. Two tone colour combinations are available on the range topping 'First Edition' model only.

A person is climbing a rock wall with colorful holds. The wall is part of a modern building with a glass and metal facade. The sky is blue with white clouds. The building has a red roof section. The ground is paved with grey stones. A small green lawn is in the foreground.

Challenge convention

From the rear, the agile All-New Kia Stonic makes a striking and lasting impression. The dramatically raked, spoiler-capped rear window and bold wheel arches give it a muscular view; whilst three-dimensional graphics inside the LED rear combination lights make it truly striking. What's more its sleek, sculpted tailgate and a stylish silver skid plate makes it really stand out from the crowd.

Be true to yourself

Living the moment means no boundaries, and that's exactly what you can expect inside the All-New Kia Stonic. Sculpted contours immediately please the eye and the senses, making driving fresh and fun. Notice the design of the stylish D-Cut steering wheel and the ergonomics of the cabin as the controls are designed and positioned to ensure you and your requirements are in perfect unison. The All-New Stonic boasts superior infotainment technology including a 7 inch colour touchscreen Navigation featuring TomTom live and DAB radio.

7" Display with DAB/Radio RDS Radio and MP3 Compatibility The multi-language system includes a high-definition 7" TFT-LCD screen and a reversing camera display.

Bluetooth® with Music Streaming** In the All-New Stonic, Bluetooth® technology gives you hands-free access to your phone and selected functions. Apple CarPlay™ and Android Auto™ with voice control.

Voice control Voice control lets you navigate, place and take calls, listen to text messages, control audio and more – all by using your voice.

Digital Audio Broadcasting (DAB+) DAB uses a digital signal to deliver optimal clarity and performance over the radio, as well as programme and track information.

Seize every second

When you're in control, information is essential and the All-New Kia Stonic puts it right where you need it, without distracting the driver. Bluetooth® technology offers hands-free access to your phone using voice control, whilst the state-of-the-art system with its floating colour touchscreen keeps you fully up-to-date and entertained.

1. 3.5 inch Supervision Monochrome Instrument Cluster Between the speedometer and tachometer, the screen displays audio information.

2. Aux & USB front charger A USB outlet lets you charge mobile phones and other devices, plus audio accessories can be connected via a 3.5 mm (analog) jack.

3. Rear USB charging port A USB jack at the rear of the centre console lets rear-seat occupants charge their devices, too.

front

rear

Where? When? How? The answer is here.

Our new navigation system with Kia's Connected Services powered by TomTom takes reliable route guidance to the next level of accuracy and excellence. It keeps you in touch with the outside world and offers more handy information than ever. The All-New Stonic's navigation system connects to the Internet through your smartphone.*

Kia's innovative hotspot app uses your Android phone's Bluetooth® to detect when a Kia navigation system is in range. It then switches on the hotspot to connect to the navigation system and turns it off again when the communication with the car is interrupted or stopped – making it even more convenient to use Kia's Connected Services.

1. Live traffic**

The navigation system delivers highly accurate live traffic information that is updated every two minutes, so you know exactly where traffic is running smoothly, or which areas to avoid. When things get busy, the system lets you know and suggests alternative routes.

2. Speed cameras**

You'll also be alerted to a whole range of speed cameras, including fixed and stationary ones, as well as restricted access zones. The system can even take into account areas where accidents are particularly common, and warn you about these accident black spots.

3. Local search

If you're looking for a sushi restaurant, a supermarket or a particular place to meet, simply select Local search. The database contains 500 searchable categories, 25,000 keywords and 250,000 locations to ensure you find what you need.

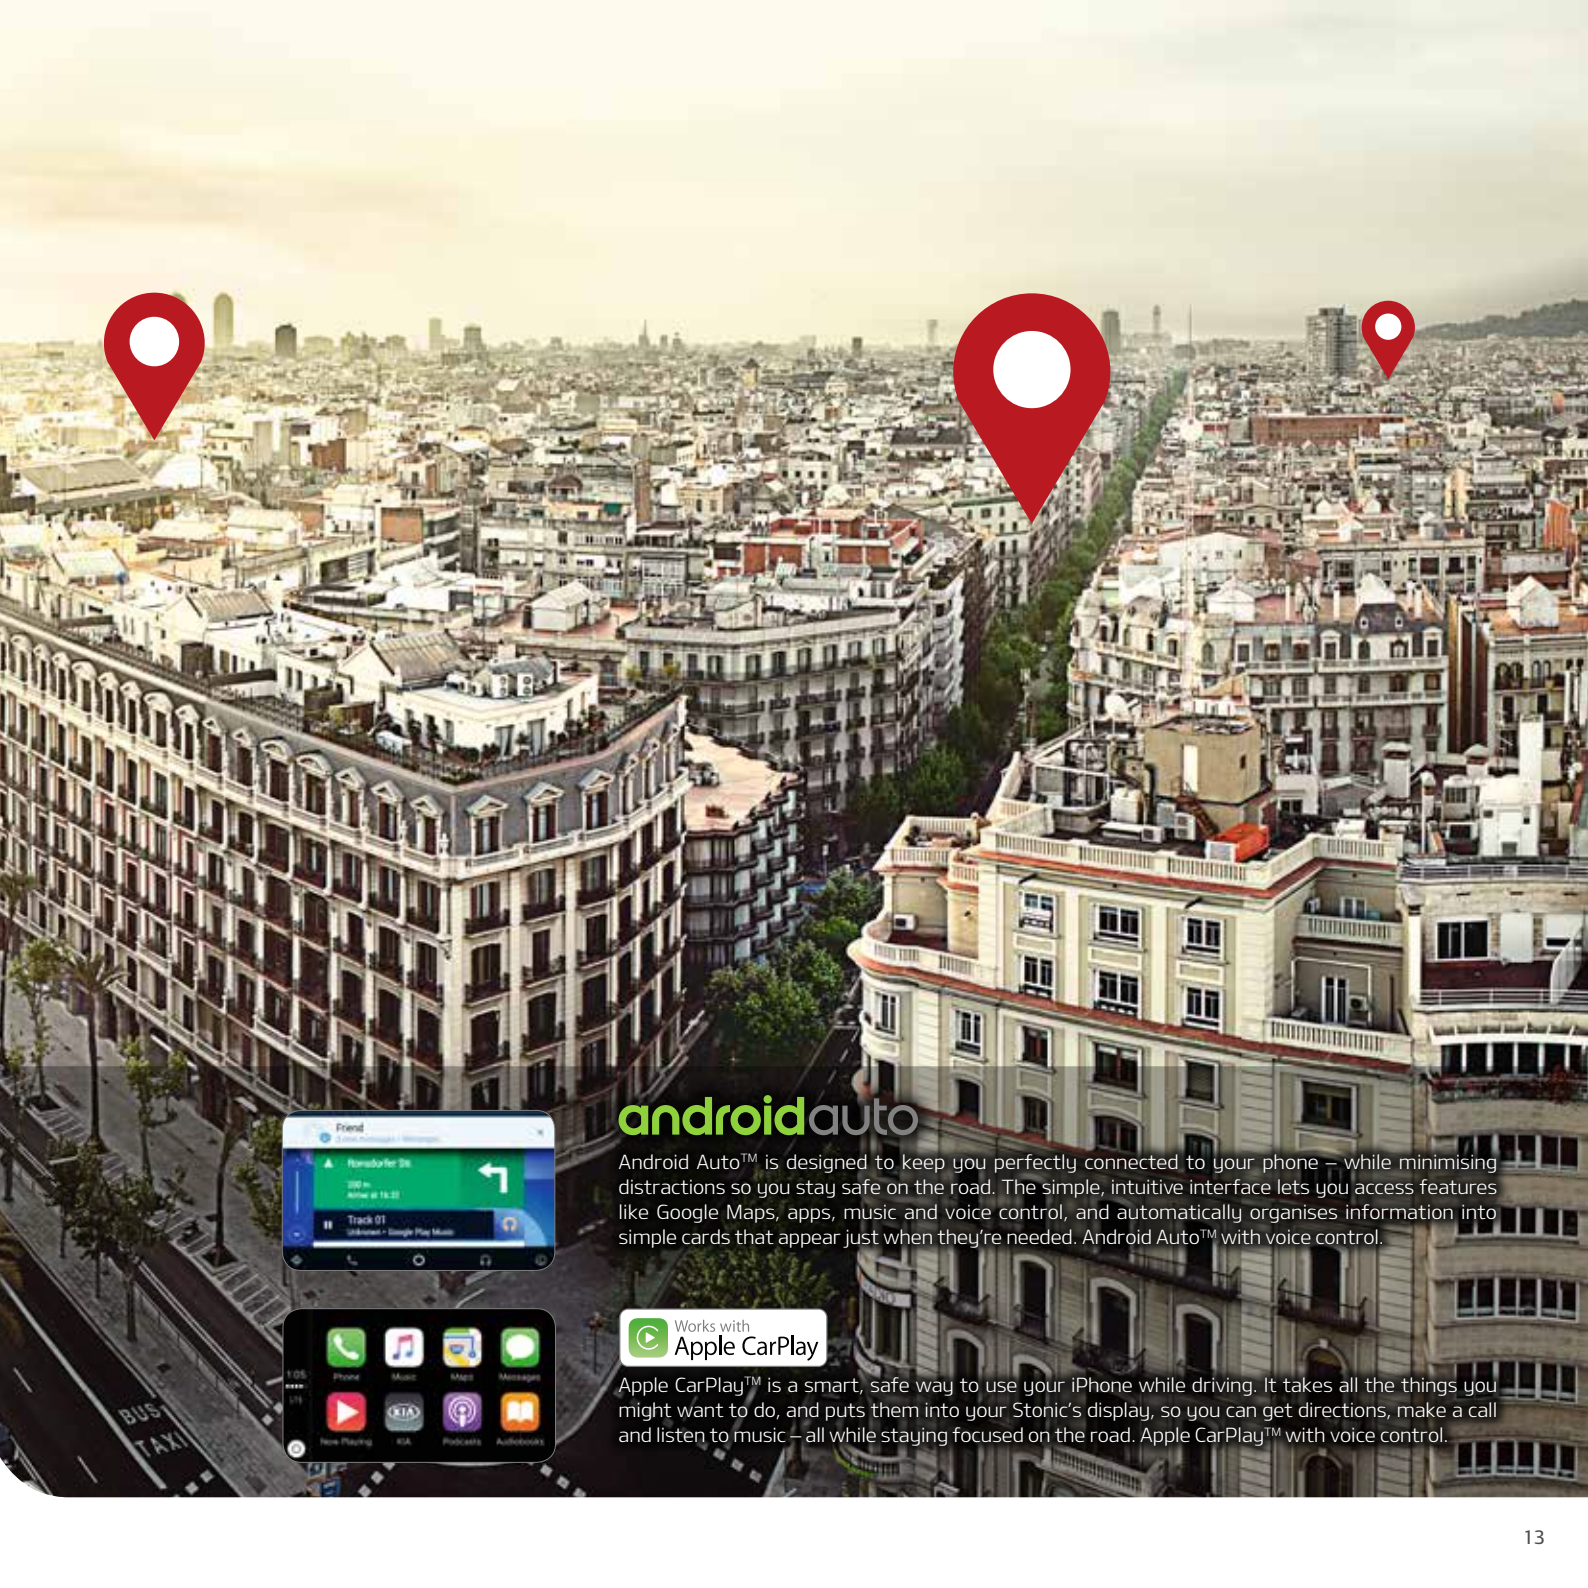

4. Weather forecast

Is your weekend away going to be sunny or a washout? Better check the weather forecast. Just type in your destination to view a four-day summary, complete with minimum and maximum temperatures, wind speed and chances of sun or rain.

Kia's Connected Services powered by: **TomTom**

*Smartphone with data plan required to activate services.

**Legal restrictions to these services may apply depending on country usage.

androidauto

Android Auto™ is designed to keep you perfectly connected to your phone – while minimising distractions so you stay safe on the road. The simple, intuitive interface lets you access features like Google Maps, apps, music and voice control, and automatically organises information into simple cards that appear just when they're needed. Android Auto™ with voice control.

Apple CarPlay™ is a smart, safe way to use your iPhone while driving. It takes all the things you might want to do, and puts them into your Stonic's display, so you can get directions, make a call and listen to music – all while staying focused on the road. Apple CarPlay™ with voice control.

Enjoy the experience

Special moments in life are more fun when you share them with friends and family. That's why the All-New Kia Stonic's roomy interior can seat up to five people with ample space for stretching and relaxing. And, when you're on the move or simply chilling out, the up-to-date entertainment choices, automatic air conditioning, heated front seats and heated steering wheel make the whole experience even more enjoyable.

Open to any possibility

When routine is the last word on your mind, the All-New Kia Stonic is designed to put your plans and dreams in motion. With folding and split seats, and spacious interior and flexible capacity from 352 litres to a spacious 1,155 litres, it's easier than ever to set out and explore or simply tackle whatever the day brings.

- 1. Folding rear seats** Rear seats fold nearly flat, so you can fit long or bulky items in the extended cargo space.
- 2. 60:40 split-folding rear seats** The rear seat backs split 60:40 and fold separately, offering you useful choices for managing cargo and passenger space.
- 3. Dual Height Luggage Area Floor** enables you to make maximum use of the boot space and accommodate tall or larger items.

Details within this brochure are not intended to be a description of the vehicle but are simply a general overview. For a more detailed description please speak to your Kia dealer. If a particular item is important to you, please make sure it is mentioned, in writing, when ordering your car. This disclaimer does not affect your statutory rights. Images shown are for illustrative purposes only and not to UK specification. Features shown are not necessarily standard across the range.

4. Luggage Area Parcel Shelf A rear covering shelf keeps cargo out of sight. Attached to the tailgate by cords, it lifts easily out of the way when the tailgate is opened.

5. Luggage net Using the elasticised luggage net prevents any luggage or other items from moving around.

Dynamic in every way

When you're living the moment, power and precision needs to go hand-in-hand and that's exactly what you can expect behind the wheel of the All-New Stonic. A range of petrol and a diesel engine are available, all paired with ISG (Intelligent Stop and Go function) which maximises both efficiency and driver engagement. There is the choice of a 1.0 litre T-GDi (Turbocharged Gasoline Direct injection) petrol engine with 118 bhp or a 1.4 litre naturally-aspirated MPI (Multi-Point Injection) petrol engine with 98 bhp or a 1.6 litre 108 bhp diesel engine which boasts low CO₂ emissions of 109 g/km.

Manual transmission

The 6-speed transmission offers quick, smooth gear changes and gear ratios that are matched to engine torque curves, boosting power and efficiency.

Safety is of paramount importance

Wherever you are, whatever you're doing, you can be sure that the All-New Kia Stonic is protecting you and the people around you. That's because it's engineered to help drivers stay out of trouble and to manage collision forces in ways that minimise damage.

- 1. Hill-start Assist Control (HAC)** When you're on a steep upward incline, pulling away from a standing start can be a concern, but don't worry, HAC is designed to stop you from rolling backwards.
- 2. Vehicle Stability Management (VSM)** Working in tandem with the motor-driven power steering, Kia's VSM helps ensure that the Stonic remains stable when simultaneously braking and cornering.
- 3. Torque Vectoring System (TVS)** An additional function of the integrated electronic stability control system, our new TVS technology means the Kia Stonic maintains a higher degree of handling stability and security when cornering, while helping to reduce understeer during harder cornering.

Details within this brochure are not intended to be a description of the vehicle but are simply a general overview. For a more detailed description please speak to your Kia dealer. If a particular item is important to you, please make sure it is mentioned, in writing, when ordering your car. This disclaimer does not affect your statutory rights. Images shown are for illustrative purposes only and not to UK specification. Features shown are not necessarily standard across the range.

AHSS

steel for greater strength and added cabin protection

The All-New Stonic uses Advanced High Strength Steel (AHSS) to deliver greater average tensile strength that makes the body phenomenally rigid, enhancing cabin protection as well as dynamic performance.

98 metres

of structural adhesive for reduced noise

Greater use of structural adhesive means the All-New Kia Stonic is both rigid and light, and offers outstanding noise and vibration management.

8

hot-stamping zones for extra strength

The All-New Stonic features hot-stamping of components in eight core stress areas, contributing to exceptional rigidity, meaning the strengthened body structure helps provide improved crash protection.

6

airbags

Protection includes front airbags for the driver and front-seat passenger, twin side airbags (front) and twin curtain airbags running the length of the cabin.

Expand your horizons

Discovering new places and experiences is a lot easier when you know you're supported by the latest in technology in the All-New Kia Stonic. Not only will it inspire and help you discover what you're looking for, but will also add an exciting dynamic to every element of your journey.

Details within this brochure are not intended to be a description of the vehicle but are simply a general overview. For a more detailed description please speak to your Kia dealer. If a particular item is important to you, please make sure it is mentioned, in writing, when ordering your car. This disclaimer does not affect your statutory rights. Images shown are for illustrative purposes only and not to UK specification. Features shown are not necessarily standard across the range.

Anticipate the unexpected

With Stonic's safety technology, being at the wheel is simply more satisfying. Whether you're parking, manoeuvring city streets, in the fast lane or on the open road, Kia's advanced safety features watch out for trouble, alert you, and even step in, to help you stay in the clear.

- 1. Rear Cross Traffic Alert (RCTA)** When you back out of a parking spot or driveway, radar-based RCTA warns you if it detects cross-traffic in the lane the vehicle is entering.
- 2. Blind Spot Detection (BSD)** Using radar to monitor the sides and rear of the vehicle, BSD uses audio-visual alerts to inform you about any vehicles in your blind spot, ensuring easier and safer lane changes.
- 3. Lane Departure Warning System (LDWS)** Using a camera mounted at the top of the windshield to monitor lane markings, LDWS alerts you if your vehicle deviates from the lane when the turn signal has not been activated.
- 4. High Beam Assist (HBA)** Responding automatically to the brightness of the lights of other vehicles and road conditions, HBA switches off the high beam temporarily, to reduce glare that may affect other drivers.
- 5. Driver Attention Warning (DAW)** To help prevent distracted or tired driving, DAW monitors driver and vehicle inputs. If it senses reduced attention, it sounds a chime and displays a warning in the supervision cluster display.

Details within this brochure are not intended to be a description of the vehicle but are simply a general overview. For a more detailed description please speak to your Kia dealer. If a particular item is important to you, please make sure it is mentioned, in writing, when ordering your car. This disclaimer does not affect your statutory rights. Images shown are for illustrative purposes only and not to UK specification. Features shown are not necessarily standard across the range.

SAFETY

CONVENIENCE

EFFICIENCY

Enjoy the latest Advanced Driver Assistance System (ADAS) technologies, to ensure occupant and pedestrian safety at all times, while never sacrificing the pleasure of driving.

Autonomous Emergency Braking (AEB) – City, Urban & Pedestrian – Combining radar and camera data, AEB activates the brakes when it detects sudden braking by a car ahead. If AEB senses a pedestrian ahead, it warns you. If you don't respond, it will brake for you to avoid or lessen impact.

Make it a colourful life

Colours say a lot about your attitude toward life and how you challenge it. So the All-New Stonic is available in exciting combinations of colours to make your mark. Refreshingly lively interior colours also help to complete the look, with appealingly coordinated seat stitching, embroidered seat-back patterns as well as dashboard and console trim elements – and every combination also includes the stylish D-Cut steering wheel with colour stitching.

Lime Green Colour Interior (only with Lime Green Roof Colour)

Two-tone grey interior

Two-tone medium-grey cloth and artificial leather trim seats, featuring coloured embossing with green stitching that matches the tone of the bright green dashboard and centre console trim. Door armrests are a lighter grey.

Orange Colour Interior (only with Orange Roof Colour)

Two-tone grey interior

Two-tone medium grey cloth and artificial leather trim seats, featuring coloured embossing with orange stitching that matches the tone of the striking orange dashboard and centre console trim. Door armrests are a lighter grey.

Grey Colour Interior (only with Black or Red Roof Colour)

Two-tone grey interior

Two-tone medium-grey cloth and artificial leather trim seats, featuring coloured embossing with grey stitching that matches the lighter grey tone of the dashboard and centre console trim. Door armrests are a lighter grey.

Attention to Detail

Bridge-type roof rack Store luggage on the roof to free-up interior space and protect the upholstery from dirt and moisture.

Aero-blade Type windshield wipers Aerodynamic wiper blades maintain contact with the windshield, even at high speeds.

All-round electric windows Power controls for the rear windows, give rear-seat passengers control over how much or little air to let in.

Bi-function projection headlights with static bending Bi-function projection headlights offer more precise illumination, enabling you to better detect obstacles and navigate the road ahead.

LED rear combination lights LED rear combination headlights illuminate instantly and give the rear a modern, high-tech appearance.

ISG (Intelligent Stop & Go) ISG technology is designed to reduce fuel and energy consumption by shutting down the engine when the vehicle is at a standstill.

Stainless steel pedals Add an authentically sporty look and feel to the interior with stainless finished metal pedal pads.

Skid plate A rear under-spoiler adds to the stylish look of the car.

Heated, electrically adjustable and folding door mirrors with LED indicator lights The outside mirrors can be folded and unfolded easily at the push of a button. Repeater lights make your intentions clear.

Overhead console sunglasses case An overhead console helps you stay organised and keeps your sunglasses right where you can find them while keeping your eyes ahead.

Centre console armrest The comfortable armrest is co-ordinated with interior trim and integrated with a console that includes two cup holders.

Details within this brochure are not intended to be a description of the vehicle but are simply a general overview. For a more detailed description please speak to your Kia dealer. If a particular item is important to you, please make sure it is mentioned, in writing, when ordering your car. This disclaimer does not affect your statutory rights. Images shown are for illustrative purposes only and not to UK specification. Features shown are not necessarily standard across the range.

Air conditioning The manual air conditioning features soft touch dials and switches to help you easily adjust temperatures with the minimum of distraction and includes fan speeds, defrosting and recirculation options.

Automatic air conditioning offers set-and-forget functionality, automatically turning the system on and off to maintain the desired temperature in the cabin.

Tweeters High-quality, high-range speakers are strategically positioned for clarity and balance with the other speakers.

Engine start/stop button When you have the Smart Key with you, you can simply access your car and start the ignition with a mere push of a button.

Heated front seats With three adjustable warmth settings, the heated front seats and seat backs warm up quickly and then level off after the desired temperature is reached, ensuring complete comfort and safety.

Heated steering wheel On cold mornings, the heated steering wheel is more welcoming and easier to grip.

Electro-Chromic Mirror The electro-chromic mirror automatically dims the most intense light sources in the mirror, retaining a clear view of other objects.

Rain sensor When it detects raindrops on the windshield, the rain sensor activates the wipers accordingly.

Steering wheel mounted controls Adjust audio settings using just your thumb for improved driving safety.

Cruise control and speed limiter The cruise function can be activated using steering-wheel-mounted controls, making it easy to set your desired speed.

Rear parking sensors* When reversing into a parking spot, audible beeps will alert you to any obstacles behind you.

Reversing camera system with dynamic guidelines (integrated into centre fascia screen) The rear view camera projects dynamic, bending guidelines onto the image in the 7" dash display to recommend a path.

Complete Peace-of-Mind

5-year paint warranty & 12-year anti-perforation warranty

High-quality body paint ensures long-lasting protection and shine for your new Kia. It also comes with superior corrosion protection and a 12-year warranty against rust from the inside out.

Kia Insurance

Kia knows your car inside out, which is why you can trust Kia Insurance to provide the protection you need. Kia Insurance is rated 5 stars* with a range of exclusive benefits and a UK-based 24-hour claims team. Unlike most other UK insurers, we guarantee to repair your vehicle at a Kia Approved Bodyshop using only Kia Genuine Parts. This helps to protect its warranty, safety standard and resale value.

Call now for an annual quote on 0330 102 8543 www.kia.com/uk/insurance

*Rating by an independent financial research company.

Insurance benefits are subject to qualifying status, terms, conditions and underwriting criteria. Kia Insurance is provided by Original Insurance Services Ltd

Free Kia Excess Return

When you buy a new or approved used Kia you'll qualify for one year's free £250 Excess Return Voucher. In the event of an accident, all you need to do is **call Kia first on 0330 102 8832 – before your insurer**. In return, we'll reimburse up to £250 of any excess you pay as part of a motor insurance claim, no matter which company insures you. You'll also enjoy all the benefits of the free Kia Accident AfterCare service.

Ask your dealer for your voucher. www.kia.com/uk/excessreturn

Conditions apply – please see the voucher for details.

Free Kia Accident AfterCare

If you have an accident, call Kia first on **0330 102 8832** and let us take care of things. Kia Accident AfterCare offers end-to-end handling of your motor claim – so you can relax. It doesn't matter who you're insured with. We'll exercise your right to an accident repair at a Kia Approved Bodyshop using only Kia Genuine Parts. This means your car will get the Kia treatment by our trained technicians. Plus you get use of a courtesy car for the duration of the repair – all at no cost to you.
